EN/INT

...SHELTER FOR YOUR CARAVAN

NEW PRODUCT OF 2023

**Alukov**<sup>®</sup>  
COMPLETE YOUR HOME...

**CARPORT CAMPER** delivers covered parking space for caravans. It is suitable for all common types of motorhomes, you can choose from three basic sizes depending on the size of the caravan or motorhome it is designed to fit. The base is a covered aluminium structure specially designed to protect the motorhome from weather conditions such as rain, snow or direct sunlight. It provides shelter and helps extend the life span of your caravan. CARPORT CAMPER can stand solitary next to the house or can be attached at the same time to the wall of the building. The CARPORT CAMPER provides ample space for your caravan, but can also be a storage area. e.g. for other leisure equipment, like boats, quad bikes or e-bikes. But it also has another advantage and that is the provision of a convenient covered area for loading and unloading the caravan, storing equipment and carrying out routine maintenance. If you are interested in purchasing a CARAVAN CAMPER we will be happy to provide you with expert advice for your specific needs, help you choose the ideal size, evaluate and recommend the most suitable solution on site.
